A Few Merits of Our Silo

Showing Construction of Interlocking Cement Stave Silo.

We claim that the Interlocking Cement Stave Silo is the best—

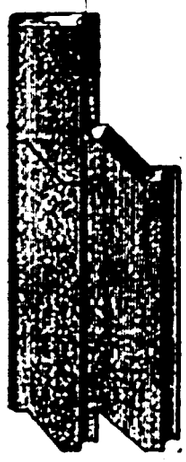
BECAUSE it is air tight and water proof and will preserve the silage perfectly under all weather conditions.

It is a permanent silo, and grows stronger with age.

It cannot be destroyed by fire, and is strong enough to resist any wind.

It is acid proof.

It will require no attention to keep it in perfect condition.



It carries its own life and fire insurance.

It will freeze as little as any silo on the market.

It sells for less than a good wooden silo, and will last forever.

The first cost is the total cost; no expense for repairs, painting and attention of hoops.

THEREFORE, if you want the best and cheapest Silo made, get the Interlocking.

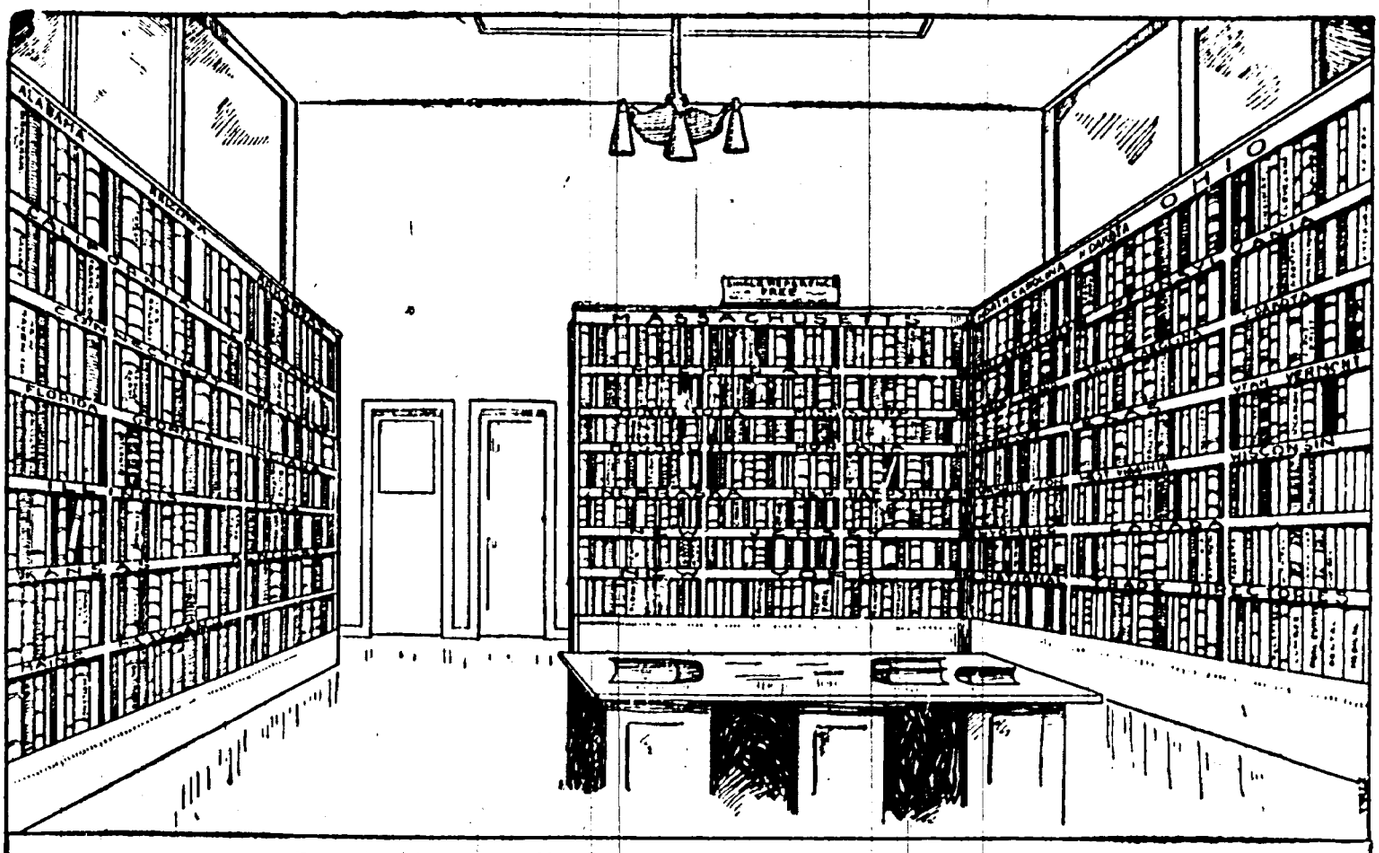
Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.



"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

Detroit Directory Library—Every Directory Office is a Branch

HOW DIRECTORY LIBRARIES ARE USED

He Wanted to Buy a Home

"Who sells ready-cut houses?" said a man to us the other day. "There is nobody listed under that heading in the Detroit City Directory, but I know there is some concern out in the State which sells them."

Reference to the Michigan State Gazetteer (State Business Directory) soon told him that the concern he wished was the North American Construction Company, of Bay City, Mich. "I will write and order what I want at once." was his parting remark.

Where one instance of this sort comes to our attention, the same things are happening over and over again wherever a City Directory is to be found.

If you will trace back new customers to find out how they found you, City Directory classified lists will receive their share of the credit.

A $50,000.00 Order

A traveling man from St. Louis called on a wholesale dry goods house in St. Paul, to sell salvage goods. They did not deal in that class of goods.

Later the firm dissolved. One partner decided to engage in that line of trade and wanted to buy a complete stock, amounting to about $50,000.00.

He called at our office and examined the St. Louis Directory to find the name of the house the agent represented. The classification "Salvage Goods" did not show it.

We, being more familiar with the classifications in a Directory, found it under "Bankrupt Stocks," much to the delight of the jobber, and a tremendous order was placed with the salvage house.

The classified section of the City Directory is the greatest buyers' guide on earth. Any one classification may secure the largest order and the best customer, any or every day in the year, and its omission may lose a large order at any time.

Every day, all over the country, thousands of people are consulting Polk's Directory Libraries. We offer you the free use of our directories for single reference.

Many Directories of various cities are bought by progressive concerns, who desire up-to-date mailing lists, classified by trades and otherwise.

Ask for a free copy of our "Directory of Directories," or for our "List of Mailing Lists."

Introductory

This is the twenty-third edition of R. L. Polk and Co's., Des Moines and Valley Junction Directory. Few people realize the enormous volume of work incident to the canvass, compilation and printing of the book. In the territory covered, each dwelling, office and factory has been visited by one of our representatives—often several visits are necessary to verify imperfectly given information. Infinite pains are required in sorting and compiling these names after they have been secured, because people will move both their residence and their business location and some even move more than once. This makes necssary many "Dispatches." Dispatching is continued until the printing is complete, as we are ever willing to register a change in location up to the time of printing the name for which the new location is given.

The Directory, which contains an answer to almost every question which may be asked about the City is placed by the publishers in the Directory Libraries in all the important Cities of the Country, where it stands as an indisputable testimonial of the progressiveness of the City and its people. It has been said that the Directory represents the City and its business interests, and live, up-to-date business men appreciating this fact are glad to avail themselves of the opportunity of taking space in the Directory, not only for the benefits which they personally derive, but in a spirit of patriotism and a view of boosting their City.

The Index to Information contained in the Directory will be found immediately following this introductory.

POPULATION OF GREATER DES MOINES.

In the present issue there are 47,686 names of individuals who resided in Greater Des Moines at the time the information was taken. Multiply this number by 2½—to allow for the names of women and children not included in the canvass,—and we have an estimated population of 119,215 for the territory covered by the Directory.

SHIPPING FACILITIES.

(From Chamber of Commerce Journal, Des Moines, November, 1914.)

In Iowa, all intra state shipments, either by express or by freight, are governed by the Iowa distance tariffs.

Under this tariff, which fixes the maximum rates by classes of freights or by commodities, that the roads are permitted to charge by a series of five-mile unit rates, the city with the central location and the city with the largest number of railroads has the advantage over competitors on all intra state business.

This for the reason the rates are built on the theory of a continuous shipment over the rails of a single company with the initial rates for the first few five-mile units built high to cover cost of originating, loading and billing freights, there is, however, a provision for shipments over connecting lines. For this service the sum of the locals over each of the two lines is arrived at and the rate fixed at 80 per cent of this sum. This means that because of the fact the rates are fixed high for the first two

units, the 80 per cent combination rate must of necessity be high. To illustrate: The first class rate is 28 cents for 125 miles. If the shipment was to be made 100 miles over rails of one company and 25 miles over those of another, the sum of the two locals at 24 cents for 100 miles and 17 cents for 25 miles, or 41 cents, would be taken and the combination rate would be 32.3 cents or 4.8 cents higher than over the rails of the one company.

Exactly the same rule applies to shipments by freight, except that express companies are permitted to meet short line mileage to competitive points while the railroads are not.

Now Des Moines is fortunate in that it is the only city near the center of the state with enough railroads to make it an important shipping point. In short, every railroad in Iowa operating over 100 miles of road comes into this city over its own rails with the single exception of the Illinois Central. However, we reach with Des Moines roads 51 of the Illinois Central stations in Iowa, which is over 50 per cent and includes every important point on this system.

In short, over 90 per cent of the stations in Iowa are reached by Des Moines roads and over 85 per cent are reached by the 164 package cars loaded at Des Moines depots with first 24-hour deliveries.

Every express company doing business in Iowa operates out of Des Moines except the Northern and it reaches but eleven stations in Iowa.

This ought to establish the fact beyond argument that Des Moines is the logical and the economical point from which to reach the trade of this state.

Iowa's per capita wealth last year was $1,839. This is the largest of any state in the Union. This year the increase in crop values compared to a year ago is $18 per capita of the population. We have the largest per capita purchasing power of any state in the Union and Des Moines is the point from which to take advantage of this.

DIRECTIONS FOR GIVING AN ALARM OF FIRE.

1. To give an alarm, go to the nearest box, break glass, turn key, open door, pull the hook to the bottom of the slot once and let go; leave door open.

2. Do not pull the hook if the fire bell or small bell in the box is striking as that indicates that an alarm has already been given.

Section 13 of Sec. 507 of 1900 revision. That the owner or driver of any omnibus, carriage, cab, herdic, or other vehicle licensed under this chapter, shall be entitled to demand and receive not to exceed twenty-five cents (25c) for each passenger conveyed any distance not exceeding one mile.

For each passenger over one mile and under two miles fifty cents (50c). For each passenger with trunk, one mile and under two miles,

seventy-five cents (75c). Each additional passenger of the same party, twenty-five cents (25c). Provided, that sixteen blocks shall constitute one mile. And they shall be entitled to add to the above rate between the hours of 12 o'clock at night and 6 a. m., twenty-five cents for each passenger. And are entitled to charge when employed by the hour, one and 50-100 dollars ($1.50) for the first hour, and for each additional hour one dollar ($1); and they are hereby required to convey any passenger carried by them to such part of the city as he or she may require.

Children under five years of age accompanying any person who has paid full fare shall not be charged fare, and children between the ages of five and ten years shall be charged half fare. Any person violating any of the provisions of this ordinance shall be subject to a fine of not less than five nor more than one hundred dollars.

PUBLIC SCHOOLS.

The Independent School District of Des Moines under the consolidation law embraces all of the territory and school houses within the corporate limits of the city. Seventeen districts enter into this consolidation. Twelve of these were partly in and partly out and those portions of the districts inside of the city are now a part of the consolidated district. The territory of the other five districts was wholly within the city so that three districts were taken in entire.

Caution!

Deal only with well known publishers when giving orders for Directory advertising.

READ ALL ORDERS CAREFULLY BEFORE SIGNING and do not sign duplicate "vouchers," as they are invariably used fraudulently.

PAY NO MONEY IN ADVANCE, all well known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

WHAT DO YOU DO WITH THE OLD DIRECTORY ?

Why not take the old book home now that the new one is out. Many of our subscribers are doing this and tell us it is quite as necessary to have one in the home now as in the office.

Your Wife will find many uses for it. She can look up the people she meets and find out who's who in Des Moines. She will use it for invitations, addresses, streets, etc.

Your Daughter can look up her friends, their parents, club, church and society data, and miscellaneous information of all sorts. Find strange streets and exactly how to reach them.

Your Son will find it both interesting and instructive. It will settle many a friendly argument

The Old Folks can look up their old friends, the various facts concerning the city, and they will marvel at the city's wonderful growth.

You Will Use It Yourself

and the folks will thank you for bringing it home

BUY IN IOWA

QUALITY AND PRICE BEING EQUAL

Printing

OUR establishment, where we have our own corps of artists and designers and are equipped for printing high class advertising literature, books, catalogs, commercial forms and stationery of every kind, enables us to render you a complete printing service that relieves you of all detail work in connection with it and guarantees the delivery of a finished product that will be forceful, attractive and business compelling.

The 'Phone will bring our man to you.

Lithographing

THERE is no lithographing house with superior facilities for doing high grade bank, insurance and commercial lithographing. If you will drop us a card or 'phone us we will show that we are able to do a superior class of this work.

Sales Books

WE make duplicating sales books and are prepared to deliver any quantity on short notice. We are equipped with automatic machinery of our own invention that enables us to sell these books at low prices. The fact that we are located right here in Des Moines enables you to buy this class of work on a much more satisfactory basis than you have ever been able to do before. We specialize on grocery and butcher shop sales books, although we are in a position to furnish you any special form that may be required.

We are the only house in the state of Iowa that is equipped to do this work, and as such we would like the privilege of submitting our prices and qualities for your next order. Let us talk to you about it.
